# THE HISTORY OF JOHN COOPER WORKS.

HOW IT ALL BEGAN.

2014

First introduction of John Cooper Works accessories by the BMW Group.

2012

The second generation of the MINI is accompanied by the launch of the first MINI John Cooper Works model as a high performance vehicle.

2007

2008 BMW Group acquires the brand rights from John Cooper Garages, making John Cooper Works an official part of the MINI brand.

2000 – 2007

Michael Cooper, son of John Cooper, independently offers as "John Cooper Garages" Tuningkits for MINI Cooper and Cooper S models.

2001

Relaunch of the brand by BMW as "MINI".

1994

BMW takes over Rover, including Mini.

1961 & 1963

Launch of the Mini Cooper + Mini Cooper S as a special version of the first Mini generation by John Cooper of the Cooper Car Company. It was him who realised the potential to create a motorsports version of the original Mini.

1950

Development of the original Mini by its designer Sir Alex Issigonis.

# WHEELS & TIRES.

JCW Original Wheels and Tires are the perfect fit for JCW drivers looking to personalize the appearance and enhance the performance of their MINI vehicle. All JCW Original Wheels and Tires feature the famous MINI star marking symbolizing the close collaboration with leading tire manufacturers. The entire range of John Cooper Works racing expertise goes into all our light alloy wheels. All light alloy wheels are developed for optimum weight – a perfectly balanced combination of a safe and exhilarating driving experience. All JCW Original Wheels and Tires pass rigorous testing to ensure excellent workmanship and top quality in all styling types.

## ☀️ SUMMER COMPLETE WHEELS. ☀️

The summer is all about having fun and exploring new roads. Maximum fun means maximum grip, that's why JCW Original Wheels and Tires are equipped with tires that feature the famous MINI star marking. Developed in collaboration with leading tire manufacturers these tires are specifically engineered for each MINI model to provide the driver with optimal performance in summer driving conditions.

-------------	--------------------------	-----------

# TUNING / AERODYNAMIC ACCESSORIES.

The specially developed tuning components ensure that the power of the MINI really is transferred to the asphalt and provide a unique driving experience. Each part is designed with passion for details: the visible interpretation of the dynamic John Cooper Works legacy.

## JCW SPORT CHASSIS.

The JCW Sport Chassis offers maximum driving dynamics for MINI enthusiasts. It improves the car's road position considerably and is geared towards drivers seeking a highly responsive driving experience.

Range:	10 – 30 mm
Spring color:	Red
Use:	Race track and road driving
Features:	Height adjustment Damper settings for sporty driving dynamics on a day-to-day basis – improves the car's stability and handling Makes the driving dynamics even more tangible and direct
Availability:	MINI Hatch 3-door, 5-door and Convertible only for Cooper, Cooper S and JCW models

Model	Product description	Part number
<b>JCW SPORT SUSPENSION</b>		
F55	Height-adjustable from 10 mm to 30 mm for vehicles without Dynamic Damper Control (option 223).	2 412 586
F56 / 57		2 361 197

## JCW 17" SPORT BRAKE RETROFIT KIT.

The 17" JCW sports brake retrofit kit, including the drilled brake disks for the front axle, is exclusively available as accessory. It improves the thermal durability thanks to larger, internally ventilated brake disks and aluminium fixed caliper on the front axle. It gives a sporty, direct responsiveness of the brake system and an improved pedal feel with clear pressure point across the entire temperature range.

Front axle brake:	4-piston fixed caliper, 335 x 30 mm brake disk (internally ventilated, drilled and grooved) in chili red
Rear axle brake:	1-piston floating caliper, 300 x 20 mm brake disk
Use:	Race track and road driving
Availability:	MINI Hatch 3-door, 5-door and Convertible and all engine models (despite JCW – here please refer not to the kit but to the JCW brake disc only)

Model	Product description	Part number
<b>JCW 17" SPORT BRAKE RETROFIT KIT</b>		
F55 / 56 / 57		2 352 872

## JCW SPORT BRAKE DISC FOR JCW MODELS.

Features: Perforated and grooved brake discs for front and rear.  
Can be retrofitted as accessory for JCW models.

Availability: MINI Hatch 3-door, 5 door and Convertible  
only for JCW models and vehicles retrofitted with JCW sport brake

F55 / 56 / 57	Rear brake disc	6 799 383

## JCW TAILPIPE FINISHER FOR SERIES EXHAUST.

The John Cooper Works carbon tailpipes replace the standard tailpipes and enhance the rear of the vehicle with their high-quality and sporty appearance. The John Cooper Works logo applied to the top of the tailpipe trim underlines the motorsport character and sets an additional sporty accent.

Features: Especially high quality and sporty,  
perfect matching with other JCW accessories

Availability: Fits all series exhaust systems except F60 JCW before  
07/2019

Model	Product description	Part number
<b>JCW TAILPIPE FINISHER</b>		
All models	Carbon	2 468 715

## JCW VALVE SILENCER SYSTEM.

The JCW valve silencer system with Bluetooth 4.0 control offers two operating modes – Sport mode and Sport+ mode – that both acoustically accentuate the car’s sporty character. Modes are enabled / disabled by double clicking on the radio remote control. The selected mode is displayed in LED. When the engine is started, “Sport“ mode is always engaged.

Features: Only for Cooper S model with date of production after 07/2019 in combination with JCW tailpipe finisher in Carbon or Chrome

Mode control:	Bluetooth 4.0
Sport mode:	Sportier and more emotional than the standard vehicle with residual comfort for every-day use
Sport+ mode:	Maximum emotional sound, very sporty, very loud
Material:	High-quality stainless steel
Availability:	MINI Hatch 3-door, Convertible and Countryman

# CARBON ACCESSORIES.

The JCW carbon accessories are giving MINI an individual, sporty, high quality look. Especially the combination of the handle strip, exterior mirror caps, side scuttles and air intake grill in carbon takes the MINI to a new level of sportiness. Within our JCW portfolio, we are offering two types of carbon – having a different design but offering the same functionalities.

## JCW EXTERIOR MIRROR CAPS.

The JCW exterior mirror caps are optimally aligned with the design and geometry of the MINI.

**Features:** The exterior mirror caps are easy to install and are compatible vehicle equipped with the logo projection in the mirror of drivers side (SA 4V9). Please notice that there is a change in the geometry of the series mirror caps in 07/2019. Only option we are offering is the following option:  
- MINI models before 07/2019

**Features:** Colour-fast, UV, temperature and water-resistant

**Availability:** MINI Hatch 3-door, 5-door, Convertible and Countryman

# EXTERIOR / INTERIOR ACCESSORIES.

With the JCW exterior and interior accessories the MINI reveals that extra dash of sporty flair in regular road traffic and even when stationary.

## JCW STEERING WHEEL.

The JCW steering wheel sets new standards in the interior. The extremely sporty, flattened shape at the bottom and the Alcantara / Carbon materials underline the extroverted and young look of the MINI. The steering wheel is completely covered with high-quality Alcantara and shows a red centre mark which is also in Alcantara. The steering wheel cover is made of open-pored carbon and features the exclusive John Cooper Works badge.

**Please notice:** For cars built after 03/2021 with heated steering wheel: When installed with SA 248 (heated steering wheel), the heating function is disabled

Features:	Available with and without shift paddles
Availability:	MINI Hatch 3-door, 5-door, Convertible and Countryman

Model	Product description	Part number
